

MRI Liver-Imaging Symposium

Date: 18.11.2017 ca. 9:00 bis 17:00 Uhr

Location: Langhans Hörsaal, Inselspital Bern

Target Audience:

Mainly radiologists

Additional audience: gastroenterologists, liver surgeons, hepatologists, oncologists

Time	Topic	Duration	Speaker
08:30	09:00	Arrival and registration	00:30
09:00	09:10	Introduction	00:10 Maurer / Huppertz
09:10	09:40	Magnetic resonance imaging techniques of the liver	00:30 Zwick / Maurer
09:40	10:10	Liver specific contrast media in everyday use in radiology	00:30 Huppertz
10:10	10:40	Focal liver lesions: benign	00:30 Maurer
10:40	11:00	Coffee break	00:20
11:00	11:30	Focal liver lesions: malignant	00:30 Huppertz
11:30	12:15	Special: HCC imaging interactive with a hepatologist and a radiologist	00:45 Dufour / Maurer
12:15	12:45	Quiz cases	00:30 Maurer / Huppertz
12:45	13:45	Lunch break	01:00
13:45	14:15	MRI of the liver: What a surgeon expects from a radiologist?	00:30 Beldi / Maurer
14:15	14:45	The "Value Study": Cost considerations using liver specific contrast media	00:30 Huppertz
14:45	15:15	Coffee break	00:30
15:15	15:45	Imaging of diffuse liver diseases	00:30 Huppertz
15:45	16:15	Quiz cases	00:30 Maurer / Huppertz
16:15	16:45	Outlook: Functional imaging of the liver	00:30 Schmidt
16:45	17:00	Summary	00:15 Maurer / Huppertz
